**AUSTIN, Texas, February 14, 2017** – Vermillion, Inc. (Nasdaq: VRML), a bio-analytical solutions company, announced today that investors, including several Vermillion directors and members of management as well as certain significant stockholders, have agreed to purchase approximately \$5.6 million of unregistered shares of Vermillion's common stock and warrants to purchase unregistered shares of Vermillion's common stock in a private placement. Under the terms of the private placement, Vermillion has agreed to sell an aggregate of 3,747,125 shares of its common stock at the price of \$1.40 per share, the closing price quoted on NASDAQ on February 10, 2017. The closing of the private placement is expected to occur on February 17, 2017, subject to customary closing conditions. At the closing, Vermillion will receive \$5.6 million in gross proceeds. If all of the warrants are exercised, Vermillion would receive an additional \$5.1 million in gross proceeds, resulting in total proceeds from the private placement of up to \$10.7 million before transaction costs. Vermillion intends to use the net proceeds from the private placement for general corporate and working capital purposes. This press release shall not constitute an offer to sell or the solicitation of an offer to buy securities. The securities offered and sold in the private placement have not been registered under the Securities Act of 1933, as amended, or any state securities laws, and may not be offered or sold in the United States absent registration, or an applicable exemption from registration under the Securities Act and applicable state securities laws.
